

A love letter

To my one and only love,

I'm writing to you because I miss you so much. When you left me you broke my heart. I promised not to cry to convince myself that life without you doesn't hurt that much.

Unfortunately, I can't fulfil my promise...

This was a love at first sight. I was smitten by you and quickly felt I lost my head. I had to catch your eye because you asked me on a date. I agreed to go out with you and shortly afterwards you told me you fell in love with me. I was very happy when we started going out. Some say 'love is blind' – was it about us? Although we sometimes argued we preferred making up.

Now I will never have the chance to tell you personally that you were the love of my life. Sleep sweet darling.

Love you,

your love.
